## HARDY EVERGREENS FOR YEAR-ROUND BEAUTY

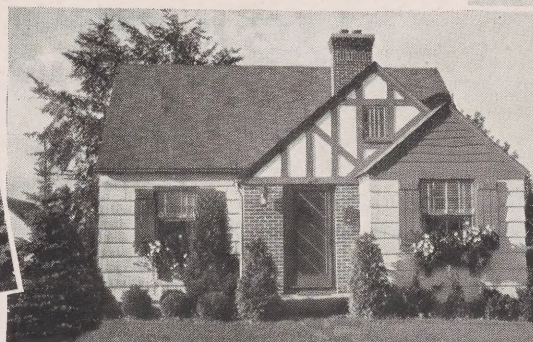

Now you can make your home and landscape as pretty as a picture! With practically no effort on your part and at a cost of only pennies a Tree, you can have an outdoor living room that will be the admiration of your friends and neighbors.

Even though you have never planted Trees before, you can easily and quickly plant my Guaranteed-To-Live Evergreens, and you'll find it's one of the biggest paying home investments you ever made . . . the cost is so amazingly LOW! And every year your dividends increase as each Tree you plant becomes more beautiful, enjoyable, and valuable.

Beautifying home surroundings is only one of the many uses for my Guaranteed-To-Live Trees. They're in great demand as screens, windbreaks, and boundaries for farms and country homes. Bare and uninviting landscapes can be economically transformed into attractive grounds with my Living Trees.

To brighten your home . . . to make it pretty as a picture . . . be sure to see my bargain offers in the inside pages.

My Trees Give You*

### BEAUTY

✓ My Trees add beauty and charm to your house, garden, and grounds. An attractive planting will DOUBLE the value of your property. A house is not a home until it's framed with Evergreens.

### PROTECTION

✓ When planted as hedges, Evergreens guard your grounds . . . act as a living fence against trespassers and animals.

### MARKERS

✓ An Evergreen hedge is the ideal, lifetime boundary marker. Needs no repairs or replacements. My Evergreen hedges are strong and well rooted.

### PRIVACY

✓ Many homes owe their quiet seclusion to a planting of my Living Trees and hedges. Tall, spreading Evergreens camouflage unpleasant views and buildings.

### SAVES FUEL

✓ Cut fuel bills. Plant a thick hedge along foundation wall and a tall stand on side of land where the coldest winds come from.

### EARN MONEY

✓ Here's a money-making idea you'll like. Sell your Evergreens as Christmas Trees at a good profit. My free Special Bulletin explains everything. Write for it.

## GUARANTEE

I GUARANTEE to replace WITHOUT CHARGE any tree ordered from this folder which does not live —provided you tell me before October, 1946, how many trees must be replaced.

\*\*We are very short on these varieties—please designate second or third choices when ordering these Trees.

\*White Pine may be shipped into all states (and the District of Columbia) except Arizona, California, Colorado, Georgia, Kentucky, Nevada, New Mexico, North Carolina, South Carolina, Tennessee, Utah, and Wyoming.

Because of the excessive cost of packing small orders, no order will be accepted for less than five trees, and no order for less than one dollar value. All orders must be in multiples of five trees of one kind and size.

SHIPPING WEIGHTS

All prices on this page F. O. B. Fryeburg, Maine. Cash with order, or shipped C. O. D. if one-half

\*On all special offers, add 25¢ for postage or express on each shipment west of Mississippi River or south of North Carolina and Tennessee.

amount accompanies order. Approximate shipping weights: 3 and 4 yr., once transplanted, average 10 lbs. per 100 trees; 5 yr., twice transplanted, average 30 lbs. per 100 trees; 6 yr., twice transplanted, average 35 to 50 lbs. per 100 trees.

LARGER TREES

Larger trees than those offered in this price list must be handled with a ball of earth around roots, which makes transportation charges excessive unless you live in Maine or New Hampshire. Outside those states, buy larger trees from your local nurseryman.

The story of my hardy, handsome Living Trees is known to thousands of tree lovers in every part of the country. The story had its beginning over 20 years ago when I undertook to eliminate all the risk and guesswork out of growing Trees . . . Trees that would survive and prosper in various climates and under almost any soil condition!

The secret was in developing husky, virile roots. There was no special formula to follow—just a lot of patience, research, and countless experiments. It was test, test, test. But my efforts were finally rewarded and I was at last

REMEMBER, Trees are only a bargain IF they live! My Trees are true to name and are *guaranteed to live*. That's why my remarkable LOW PRICES and SPECIAL OFFERS are such an unusual value.

You need no special knowledge or experience in planting any of these Trees. My care during their early growth makes them hardy. After you plant the Trees they grow

Think of it! You can buy 10 Trees, to give your house and grounds permanent, natural outdoor beauty, for as little as \$1 . . . just 10¢ a Tree for lifelong enjoyment! The earlier you plant your Trees, the faster they grow. Choose your favorite Trees from the regular LOW PRICES shown in the big box on the left or from the 4 SPECIAL MONEY SAVERS at the bottom.

My Guaranteed-to-Live Trees are delighting thousands of folks in every part of the country. Many customers have

able to increase the hardiness of my Trees, so that I could guarantee every one to live!

I transplant every Tree at least once to make it extra hardy. Then I leave each Tree in the open to stand the test of Maine's summer heat and winter's biting frost. The Trees I send you are the survival of the fittest—that's why I can make my amazing GUARANTEE.

Read my GUARANTEE. I believe it is the strongest made in the nursery tree field. I want YOU to feel assured that the Trees you select will live and grow beautifully . . . Trees you'll be proud to own.

PLANTING TIME

Your Trees will be ready to plant as soon as they arrive. Living south of me, your growing season starts before mine does here in Maine. I have to wait until the frost leaves the ground before I can dig your Trees. Often this is around the middle of April—sometimes before. As soon as it's possible, I'll dig and ship your Evergreens but *plant them at once* when they arrive. They'll be ready to burst into quick-growing life!

## HERE'S WHAT YOU SHOULD KNOW ABOUT MY *Guaranteed-to-Live* EVERGREENS

Norway Spruce

Colorado Blue Spruce

Red Pine

White Pine

**American Arborvitae.** Also called White Cedar. Excellent for hedges and windbreaks. Dark green foliage. Easily pruned. Moist soil. Mature height 40 to 60 ft.

**Jack Pine.** Fast growing. Warm, yellow-green foliage. Shortest needles of any Pine. Excellent for planting in barren sand. Mature height 40 to 50 ft.

**Balsam Fir.** Symmetrical, fragrant. Flat, blue-green needles. Prefers medium to heavy soil, thrives in shade. Mature height about 50 ft.

**Fraser Fir.** Shining dark green foliage with white bands underneath. Grows in medium to moist soil. Mature height about 70 ft.

**Douglas Fir.** Soft dark green to gray-blue needles. Rapid grower. Medium soil. Mature height about 70 ft.

**Concolor Fir.** Blue-green needles. Pyramidal growth. Needs moist soil. Height at maturity about 50 ft.

**Canadian Hemlock.** Lacy foliage — easily pruned. Prefers shade. Moist soil. Mature height about 70 ft.

**Oriental Larch.** Feathery foliage. Deciduous, moist soil. Semi-symmetrical. Very fast growing. Mature height 60 to 75 ft.

**Austrian Pine.** Deep green foliage. Prefers rich, light loam with well-drained subsoil. Particularly good for city and seashore planting. Mature height about 50 ft.

**Red Pine.** Dense foliage. Rapid-growing. Thrives in dry soil, needs sun. Mature height about 100 ft.

**Scotch Pine.** Rapid-growing. Ornamental, light gray-green foliage. Will grow in poor soil. Best for quick-growing screens. Mature height 50 to 60 ft.

**White Pine.** Rapid grower. Prefers light, sandy soil. Spreading limbs, but easily adapted to windbreaks and screens. Mature height about 90 ft.

**Black Hill Spruce.** Very compact, pyramidal tree, prefers medium wet soil. Mature height 20 to 30 ft.

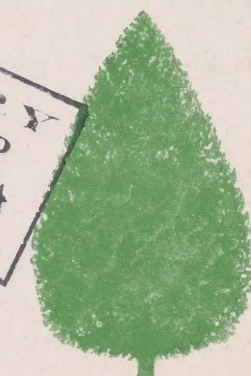

**Colorado Blue Spruce.** Color ranges from light blue-green to beautiful blue. Grows in most any soil. Prefers sun. Mature height about 80 ft.

**Engelmann Spruce.** Blue-green to steel blue. Moist soil. Mature height about 80 ft.

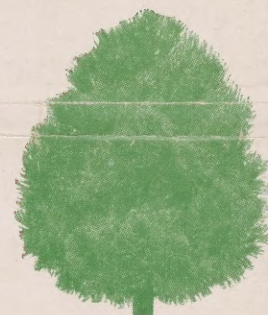

**Norway Spruce.** Dark green, graceful, symmetrical tree. Makes excellent hedges and windbreaks. Heavy soil, will grow in partial shade. Mature height about 80 ft.

**Red Spruce.** Red-green bark, dark green foliage. Makes good hedges. Mature height 70 to 80 ft.

**White Spruce.** Symmetrical. Light, silvery-green foliage. Makes good hedges and windbreaks. Moist soil, will grow in partial shade. Mature height 60 to 70 ft.
